### 'FROM THE RECTORY'

New Rectory High Street Fincham nr. King's Lynn Norfolk PE33 9AP 01366 348079

### Dear All,

Have you ever watched the BBC sitcom, 'The Vicar of Dibley'? It included a character played by Liz Smith, whose culinary creations were feared by the rest of the villagers. To their consternation, she saw no reason why chocolate cake shouldn't contain Marmite.

With any dish you are making, there are some ingredients which are automatically added, and others which would make an unlikely mixture to say the least. And yet in some ways, not nearly as unlikely a mixture as the disciples Jesus chose. Peter was an impulsive individual who often misunderstood Jesus' message and who denied he even knew him. James was known for his fiery temper. Matthew was a tax collector, one of the most hated professions at the time. And Simon was a member of a revolutionary band of freedom fighters committed to driving the Romans out of Israel. We might think such people were more likely to come to blows than work together for a common cause. Yet each of them was taken and used by God to create the Church to further Jesus' work in the world.

The same is true today as it has ever been. In our churches we also have an unlikely mixture of people – people of different ages, from different backgrounds, with different personalities, experiences and outlooks. What they have in common is faith in Jesus, who calls each and every one of us to be his disciples today. Though we are many, in him we are one – chosen, called and used by him to build his kingdom. Let's celebrate this and offer ourselves and our gifts with joy and thanks.

Yours in his service.

### **BENEFICE NEWS**

### Remembrance Sunday

This year Remembrance Sunday will fall on 9<sup>th</sup> November 2014. This is a special year because of the 100<sup>th</sup> commemoration of the start of World War I and instead of the usual separate services in each church there will be one special group remembrance service in Fincham church. At that service we hope to have military and British Legion representation and special musical pieces. Each church in the group will be asked to nominate someone to read out the names of the fallen from their parish during the service. Poppy wreaths will be blessed, so that they can be returned to the villages for laying on each War Memorial.

Many people who live in our parishes have their roots in other areas and may wish to remember family or friends who died on active service and who are buried elsewhere (or who may have no known grave). Please feel free to pass those names and details to someone in your parish church so that they can be added to the list and read out on the day.

The list of those to be remembered is not restricted to the fallen of the two world wars, and those who lost their lives in any war or peacekeeping operation occurring since 1914 can be remembered, so this might include other conflicts – for example, Korea, the Falklands, Afghanistan or Northern Ireland.

If you are unsure whether someone can or should be remembered in this way please feel free to speak to me on 01366 348079 or send me an email on barbaraburton@btinternet.com

### RECIPE OF THE MONTH

### Roquefort and Leek Tart [Enjoyed at the recent Garden Meeting of Beachamwell WI

Shortcrust Pastry

Sufficient to line a 9 inch (23 cm) round, 1 inch (2.5cm), loose-based, fluted flan tin (make your own pastry or use chilled or frozen block pastry or ready-rolled) Filling

100g Roquefort, Shropshire Blue or Cashel Blue Cheese

225g Leeks (about 2 medium leeks), trimmed, washed and thinly sliced

1 tablespoon butter

4 spring onions, including the green parts, chopped

225ml double cream

2 eggs

1 tablespoon fresh grated Parmesan

Line the flan tin with the pastry and prick the base with a fork, then chill in the fridge for 20 minutes. Meanwhile, pre-heat the oven to gas mark 5, 190 deg C. Line the flan with baking paper and fill with ceramic baking beans (you can also use dried beans). Bake blind for 15 minutes. Lift out the paper with the beans. Return the pastry case to the oven and bake for 10-12 minutes until the pastry has turned a very pale gold and looks dry. Cool the pastry case then seal with slightly beaten egg white.

Pop a baking sheet into the centre of the hot oven.

Melt the butter in a frying pan, add the chopped spring onions and leeks and cook them over a medium heat for 6 minutes. Let the mixture cool.

Whisk the double cream and the eggs together in a jug and season.

Using oven gloves, place the flan on the hot baking sheet. Arrange the onion and leek mixture over the base and crumble the Roquefort Cheese on top. Pour the whisked double cream and eggs on top and sprinkle the Parmesan Cheese over the surface.

Reduce the temperature to gas mark 4, 180 deg C. Transfer the baking sheet to the centre of the oven and bake the tart for 35-40 minutes, till golden and firm in the centre. Leave to rest for 10 minutes before serving with a tossed green salad.

### **COUNTRYSIDE NOTES**

I hate seeing things go to waste and so does David. This has recently led to matrimonial disputes for every time he goes out he seems to come back laden with something edible which either needs freezing, making into jam or cooking for dinner. We've been alternating between salad one night and runner beans the other for weeks now! Not that we've really been inundated with the latter, I don't think they liked the chilly weather in August or by being buffeted by the cold northerly winds. On two nights it wasn't far off freezing and the cucumber plants registered their dislike of the cold by keeling over.

I don't know whether it was the mild but very wet winter, the warm spring, heat in June and July or a cooler, wetter August than usual but whatever the combination it has resulted in plenty of produce. By all accounts the farmers are complaining less than usual and what a bumper year it's been for fruits whether in the orchards or the hedgerows. My neighbours' Victoria plum tree was so loaded the branches were breaking under the weight. Blackberries are plentiful although a bit on the small side, probably because there are so many. The hedgerows everywhere are glowing red with hawthorn berries and unlike last year sloes shouldn't be difficult to find.

There was a plague of mice and voles earlier on. They set about David's early row of beetroot and he ended up catching 22 before the gnawing stopped! They might not be good news for gardeners but they certainly are for the local barn owl population. Allan Hale from Beachamwell has rung a record 200 young ones (and still counting) within a 20 mile radius of Beachamwell with 21 being in the special nest boxes put up on the estate around Barton Bendish. With the wet weather in August slugs and snails have also been a problem. Something that has been conspicuous by their absence are wasps. I wonder which phase of this year's weather didn't suit them.

Garden birds seem to have had a better breeding year. We had a pair of bluetits which successfully raised a family in one of the bird boxes and we watched with great interest as a wren spent days building a mossy nest in the ivy on the back of our house. It went quiet for what seemed a very long time then all of a sudden from dawn 'til dusk there were wrens going to and fro with insects of all kinds. It never ceases to amaze me how hard little birds work in raising a brood. Talking about bird boxes we had a colony of buff - tailed bumble bees in one of ours. They were really busy until the end of June then activity ceased. A couple of other people I know had colonies in the eves of their houses so it must have been a very good year for them. I wonder what winter will bring. *Jill Mason* 

# FROM THE SMALLHOLDING AS THE SEASONS CHANGE SEPT/OCT 2014

There is something nostalgic, even melancholy as summer changes to autumn. The 'sunlight on the garden' is warm, bringing out rich colour in leaves and fruit, until it 'hardens and grows cold' as the poet Louis MacNeice has it. Another poet, Rilke, also feels the changing of the seasons when looking at maturing fruit 'Bid the last fruits swell full till they incline

Yet two more days of southern weather grant them.......'

It is a wonderful year for fruit but as we get closer to picking time there is the temptation to become anxious about realising the orchard's full potential, I hope that this is as least as much a dislike of waste as it is of greed. Soon we will begin juicing in the knowledge that nothing is wasted as very good use is made of windfalls. Last year's apple crop was not as great as this year's, but we are still enjoying the cidre!

The American poet Robert Frost writes of becoming tired of apple picking and dealing with an abundant harvest; 'And I keep hearing from the cellar bin The rumbling sound

Of load on load of apples coming in.

For I have had too much

Of apple-picking: I am overtired

Of the great harvest I myself desired'.

The tiredness and the plenty resulted in a few apples being left on the highest boughs and a half filled barrel (bushel?); and plenty allows us to be generous in leaving some for blackbirds and fieldfares. Windfalls also keep well in long wet grass under the trees.

A crowded kitchen table is evidence of an abundance of tomatoes and beans despite earlier struggles. Among the cornucopia in the kitchen are bowls of damsons, the first decent crop in fifteen years, waiting to be processed for jam and chutney.

The battle against rabbits and pigeons continues and the brassicas will be vulnerable as winter approaches. However, a chance meeting in a Scottish pub last autumn may turn the tide in the rabbit war, but that remains another story.

The wildlife conservationists encourage us to leave untidy corners in our gardens and a patch for nettles. The conservationists should be mighty proud of us as the nettles threaten to overtake both the raspberries and the orchard.

### **GARDENING TIPS**

Well, well.... August was quite a month! Torrential downpours leaving some fairly local areas with a flooding problem and then a sharp reminder of the year passing us by! Poor Santon Downham - 2°C in August — whatever next? Fortunately, the weather settled back into a more normal and quite pleasant pattern. However, we are now into October with its shorter daylight hours and much work to be done in the garden in readiness for the winter months ahead.

If you intend growing quality sweet peas next year, plant your seeds about the third week of this month. They should germinate in ten to fourteen days and be ready to pot up into individual pots for the winter a week later. I gave details of my methods in last October's garden tips but if anyone is unsure then please give me a call (01366 386291) and I will be happy to help you.

It is now time to prune roses back in readiness for what may come in the months By the end of the month I like my bush roses to have their weak (superfluous) growth cut away and the remainder trimmed back to about eighteen inches (46cms) to avoid wind rock through the winter. against fences or trellis, again need their weak growth cut out just leaving the strong new growth tied back into a nice downward pointing curve with the tip of the growth cut off. If you have high climbers on the side of a house for example the treatment has to be rather different. Again the weak growth needs to be cut out but, in this case, the new growth is taken into the position required - a much more difficult proposition! If you have a climber that is not producing much new growth then don't be afraid to cut it down to about eight inches (20cms) from the ground. After pruning loosen the soil around the plant, water it well, let it drain, then give a top dressing of your own compost or well-rotted farm yard manure. Towards the end of March next year give a top dressing of any proprietary rose fertiliser work it into the soil, water gently if the ground is dry and you should get nice new growth from April onwards.

There are two good periods in the year when it is right to split up perennials and this month, while the soil still retains some of the summer warmth, is one of them, but don't leave it too late. Choose nice new healthy growth from the edge of the old plant for best results. If planting back into the same ground then feed the soil with some well-rotted compost or farm yard manure. Work it well into the ground with a little bone meal and let the new young roots search for it.

If you didn't get round to treating your lawns in September then be sure to do it this month – just a light scarification plus an autumn feed. The final cut will depend on the weather.

### **GARDENING TIPS**

By the end of this month, all your spring bedding – wallflowers, polyanthus, primulas etc. and any remaining bulbs should be planted. Very time consuming, but when spring comes round again what a beautiful display they give.

The time has come to lift your dahlia tubers and store them away for the winter. I know some people in the warmer parts of our country leave them in the ground and hope for the best! However, if you have some of the really choice varieties it is just not worth the risk. Chrysanthemums are much hardier and unless we get really exceptionally cold conditions they should be alright left in the ground. Personally, I always have one plant of each variety/colour stored in a pot and kept in the cold frame, unless it gets very cold, when it is transferred into the greenhouse.

Time is precious, but use some of it to clean out the greenhouse – it is the perfect hiding place for aphids during the winter! Light is at a premium during the winter months so take time to clean the glass, your plants will grow so much better. Clean up all your pots and seed trays ready for the new season and when you have finished your work for the year don't forget your garden tools. They will be easier to use and last longer if they are cleaned and treated with a little oil to avoid any rust creeping in.

I suggest you keep an eye on the raspberry canes, despite the lateness of the season they will keep growing for a while yet and will need tying in.

Enjoy the autumn colours, particularly the leaves on the trees but, these will fall and if they are not cleared regularly from the lawns will only be the cause of problems next year!

Finally, have a good look round, are all the fences secure? Do the hinges on the gate need oiling? Remember the old saying – 'A stitch in time'!

Roy Coughtrey

### FROM THE SMALLHOLDING

Continued from Page 7

The plus side to that is the really good numbers of butterflies – especially red admirals on over-ripe fruit.

Tailpiece: While discussing, recently, the reasons for the abundance of this year's apple crop my fellow conservationist said "why it's obvious, the Wassailing of course!:"

Now there's a thought! Robin Blackall

### JOIN NORFOLK'S RECYCLING REVOLUTION

### West Norfolk (Barton Bendish, Boughton and Wereham)

People have for some time demanded a kerbside collection for glass jars and bottles, plastic food trays, tubs and pots and cartons. Thanks to a new contract, negotiated by all the councils in Norfolk, it is now possible to recycle your glass bottles and jars and a whole new range of clean food and drink containers by simply placing them in your recycling bin (or recycling bag if you have a bagged collection). These items are then transformed into useful, saleable materials.

This change, which is happening across Norfolk from October 1, has been made possible as the material recycling facility at Costessey has been extended and upgraded with cutting edge equipment to enable a wider range of materials to be processed.

Cllr Brian Long, Cabinet Member for Environment said: "This is a really exciting development and something that residents have wanted for a long time. By working with the other districts and NORSE, we have been able to secure a contract that means a whole host of materials can now be recycled via your kerbside collection service. Recycling will be a whole lot easier for people and should help us all reduce the amount of waste that gets sent to landfill. All we ask is that people rinse food from bottles, jars and plastic tubs before placing them loose in their bins."

Support the Recycling Revolution campaign on twitter by using the hashtag #RecyclingRevolution. For more information visit www.recyclefornorfolk.org.uk

### Breckland (Beachamwell)

You'll soon be able to put even more in your black recycling bin. From October 2014, Breckland residents will be able to recycle a range of new materials, helping to cut down on waste sent to landfill.

The new items that can be accepted for recycling from October include clean plastic food pots, food tubs and trays, food and drink cartons, clean foil and foil trays and glass jars and bottles. These will be in addition to the materials you can already put in your recycling bin.

The first black recycling bin collection in Breckland under the new arrangements will be on 6 October.

You will also be able to find details on:-

# COULD YOU HELP A YOUNG PERSON WITH A DISABILITY TO THINK ABOUT THEIR FUTURE?

The CSV Futures Project supports young people with learning disabilities to explore their options as they think about leaving education.

Volunteer Mentors provide one to one support to a young person to help them develop a personal profile of their skills and interests, their likes and dislikes and their future goals. The Mentor can then support the young person to start working towards these; this can include accessing work experience and training opportunities plus the chance to try out volunteering and new social activities.

CSV needs volunteers who can offer a couple of hours of their time each week to mentor the young people as they make choices about their futures, raising aspirations by exploring together the young person's skills, interests and abilities.

We are looking for people ages 16+ - Mentors can come from all walks of life and no experience is needed but patience, the ability to listen and a sense of humour are all useful skills. Mentors receive full training and support and out of pocket expenses are paid.

If you would like to find out more about becoming a Volunteer Mentor for the CSV Futures Project please contact:

Vicki Howling, the project co-ordinator for an informal chat.

### **CAN YOU GIVE MINNIE A HOME?**

This is our black and white cat Minnie with her friend, a very old boy who recently died.

Minnie is 10 years old and I'm looking for someone to look after her.

She's a very sweet, affectionate cat and sadly because we're away a lot of the time we're not able to keep her.

We would be willing to pay for her yearly boosters.

If you are interested in taking Minnie into your home please phone 07779305835.

Thank you

Older residents in the village will have been saddened to learn of the passing of Dennis in August. He owned the garage in the village for many years and was very involved in the classic car racing circle. He was always willing to help people. One example was when Mr Carter, who at the time lived in Beachamwell Hall, was going to have to have a foal put down, Dennis made splints from car exhaust parts and saved the foals life.

Condolences to his wife, Eileen and his family. Alan Patterson

**Bottle Bank:** A message from Carole Wilson - If the Bottle Bank is full up could people please make a simple free phone call to get it emptied and not to tip the bottles on the ground. The driver does not pick up the bottles. There were loads left recently and it took Brian and I twenty minutes to load them into the Bottle Bank. Some of the bottles and jars were broken and jagged and not pleasant to pick up. If animals especially dogs went around the Bottle Bank they would be in trouble.....

**Thinking Fuel:** This is the oil buying scheme run by Norfolk RCC in partnership with AF-Affinity. Their aim is to try and provide communities with cheaper fuel. Proceeds also help support Norfolk RCC's community development services.

The bulk order syndicate operates once a month to balance convenience with savings. Everyone pays the same regardless of the volume they order. You can order fuel at any other time and receive the day price. There is no obligation to buy. Special delivery requirements, (such as needing long hoses, small tankers or arranging access) can usually be accommodated but you need to make these clear when ordering. Members can also benefit from offers on other products through our wider community buying scheme.

Beachamwell is now a member of this scheme. Further enquiries and to obtain your individual registration form please phone 01366 328648.

The next Parish Council meeting will be held on November 10th at 7.30. As always, everyone is welcome to attend.. *Eileen Powell (Parish Clerk)* 

### St Mary's Church

Firstly many congratulations to the Memorial Hall's Committee for organising such a successful Beachamwell Fete. The number of people enjoying themselves on the Village Green was quite amazing. I would also like to thank the Committee for allowing us to organise the teas and cakes and to keep the profits for the porch restoration project. The profit on the teas came to £430.00 which has been put straight into the porch fund.

The Harvest Festival Service here in Beachamwell will be our Morning Prayer/Family Service on Sunday 19th October at 11 a m. We do hope you will be able to join us at this Service of Harvest Thanksgiving. The church will be decorated for the Harvest Festival and there will be refreshments after the Service.

Most people in Beachamwell will already have received a circular about this year's Remembrance Service but just in case you have missed it and to remind everyone else details are as follows:-

"This year's Remembrance Sunday Service will be particularly special and it has been arranged that a Service will be held in St Martin's Church, Fincham for the 8 parishes in our group of Churches. The Service will start at 10.30 am and there will be a military presence, a band and the British Legion will take part in the Service.

The wreaths from each Church will be blessed at this Service and a representative from each parish will read out the names inscribed on each Church's Memorial. After the Service in Fincham each wreath will be taken back to its own church and laid on the memorial there with a short prayer.

If you would like a name read out at this Service please let the churchwardens have their name (and rank if possible) and they will be included. These names do not have to be from this area as it is entirely appropriate that we remember everyone who has given their life in any conflict of peace-keeping activity since World War 1."

A special advance date for your diary is our Carols by Candlelight Service which this year will be held on Monday 22nd December starting at 6.30 p.m.

Information on all forthcoming events is on the church noticeboard or our website www.stmarysbeachamwell.co.uk

The members organised a very interesting meeting. People brought items relating to 'Memorabilia of the First World War Period.' A fascinating collection was presented - medals, clothes, books, poetry. Each were lovingly explained why they were important to their owner.

A scrumptious buffet was provided and Joan's husband sent in a cake for her birthday - very impressive.

The Committee members were each presented with a plant to thank them for their work throughout the year.

There will be a workshop in October 'Making a Fabric Box'. Details of the next meeting are to be found on page 22

Visitors are always welcome to the meetings.

#### **Horticultural Show**

Last year I wrote that the vegetables and fruit were at least a month late but this year I can write that everything was a month early, so unfortunately there was certainly a great shortage of produce to show this year. Nevertheless our Judge Roger Gore-Rowe was as always so supportive and impressed with what he saw and judged accordingly. The flowers, plants and arrangements though were exceptional and looked stunning in the Memorial Hall. There were lots of entries in the Giant Onion Class, onions purchased as tiny seedlings in April. Some were huge and some not so huge, all good fun growing them. It is certainly amazing the different sizes villagers produced. Ivan Bond Green aged just 7 grew the biggest this year weighing in at 2lbs 4 ozs, last year the biggest weighed 1 lb 12 ozs. Ivan has become very interested in growing veg and salad crops in his newly built raised beds. He won the £5 prize and told me he was going to use the money to buy some compost!!!. Maggie McKenzie could only manage to grow her onion to 4 ozs, maybe she should take lessons from Ivan.

The Craft Section was judged by Vanessa Scott of Strattons Hotel, with jam, chutney, embroidery, knitting, decoupage and jewellery to see and judge. This kept her very busy.

A very new venture for families with children was to create a Scarecrow on a

broomstick. any theme and anv idea The Committee were delighted that six Scarecrows appeared for judging outside the Memorial Hall. Les Scott had the honour of judging these and was

most impressed with them. 1<sup>st</sup>: Ivan and Bradley Wiggins. 2<sup>nd</sup>: Ed. Samuel and Tilly and The Professor. 3<sup>rd</sup>: Oran with Darth Vader from Star Wars Congratulations to Doug, George, Eloire, Abraham and Ashton for their Scarecrows.

Thanks to everybody for taking part, especially Linda Webster and Jill Mason from Barton Bendish who walked off with a few First Prize Tickets. Your support is much appreciated and of course to those who came and viewed in the afternoon. We hope you enjoyed the show.

### Beachamwell Memorial Hall (Charity registration number 303900)

Once again Beachamwell was very lucky with the weather for our Fete and Country Fair 31 August. The event drew crowds from all over the area to enjoy an afternoon of entertainments, games and a wide range of stalls on our beautiful village green.

The Dog Show attracted a large number of entrants and the Lamb National races were a real crowd pleaser, as was our legendary Bric-a-Brac marquee. It was a perfect day to sample a fine Norfolk beer, enjoy a tasty burger or a refreshing cup of tea. (NB The ice cream man who failed to turn up made a big mistake!)

The nostalgic tunes of the Downham Market Swing Orchestra brought the whole

afternoon together and it was very rewarding to see some any people, old and young, enjoying themselves in the sunshine.

It was a v e r y successful

day thanks to the hard work, enthusiasm and commitment of a great team of local people. The committee would like to say a big thank you to everybody who helped towards organising and running the Fete, in any way.

Following the success of Beachamwell Fete and County Fair, the Bric-a-Brac Team would like to thank everyone who contributed their unwanted items which raised a total of £1107.64 towards the total raised on the day. In addition, a big Thankyou to everyone who helped in any way.

#### Wednesday Walks

"Oh, please can we have some summer evening walks, like last year", they asked. So we did!

We Wednesday Walkers explored all corners of our parish during the long evenings of June, July and August, returning to the Memorial Hall to sit drinking wine and chatting as the sun disappeared over the horizon and the stars

appeared above us. These were good times!

Before the summer disappeared completely, we thought we must have one long excursion, so a stroll for a pub lunch was planned for a September Saturday. Was it a success? Did we enjoy ourselves? The photo tells it all!

#### **End of Season Report 2014**

What a great summer we have had for cricket and this has meant that Boughton Cricket Club have played all of their eight planned fixtures with only one game ending in a draw due to inclement weather part way through. This was our annual fixture against Jesus College Cambridge which is always a wonderful day played on their beautiful ground in the centre of Cambridge. Boughton had worked their way into a winning position on the day before the heavens opened to curtail what would have been a thrilling finale to a great game.

Overall Boughton have come out on top winning five of the eight fixtures with one drawn and two lost. There has been some fine individual performances with both bat and ball but overall the teamwork and the standard of cricket seems to improve with each season, with newcomers finding their feet easily in our friendly format of the game.

After a very wet winter we finally had some spring like weather for our first home fixture on 18<sup>th</sup> May against Gooderstone. The wicket played extremely well with plenty of runs for the batsman but also a little for the bowlers and 80 overs resulted in more than 400 runs being scored on the day with a fine 90 N/O from James Webb supported by a breezy 26 from Steve Kornmuller securing a narrow win for Boughton.

We also held a Chairman's Invitational match in June whereby the Chairman held a BBQ and invited non-members from outside the club to form a barbarian's side to challenge the regular Boughton XI. Boughton were the winners in the end but a fantastic day was had by all and the result being that the overall winner was the game of cricket as we got some non and ex-players involved both young and old and hopefully sparked their interest in coming back to the game.

Further notable performances in the season include: a fine bowling performance by Owen Chandler (4 for 32) and the partnership between Ollie Short (65) and Barry Ovel (21) at home against FFF in August. Another thrilling finish in this match saw a last wicket stand between Chandler and Chairman Steve Short who won the game in the final over with the Chairman getting Boughton across the line with a fine straight drive which secured cries of 'ooh' from those lucky enough to witness it.

Our final match of the season was played on Sunday 7<sup>th</sup> September at Gooderstone with Boughton taking the honours in a hard fought and competitive

#### **BOUGHTON VILLAGE NEWS**

match. Once again a great team effort and notable performances from Webb and Captain, Wilkinson with both making half centuries with the bat after opener Conquest put down a solid foundation of 38. With the ball, Alfie Bowles and Jon Allen both excelled taking 5 wickets between them to grind the Gooderstone innings to a halt with the overs running out.

Our last job for 2014 will be to prepare the ground and playing surface for the winter and investment now makes a huge difference to how well it plays the following summer. It will involve spreading fertiliser, grass seed and then a covering of approximately a tonne of loam just over the playing square in the centre of the ground, so not a small task in itself.

The club continues to progress and after our investment in some great equipment in 2012 thanks to a grant from Sport England, the club has this summer invested its own funds in a portable net for practice and also submitted a planning application for a modest Pavilion for changing and preparing match teas and to act as a real home for the club.

The club also now has a website courtesy of Martin Miller of Websmart in Kings Lynn who very kindly gave up his precious time and got us up and running. Have a look - www.boughtoncricketclub.co.uk

Final thanks go to the volunteers who have helped us run the club this year and in particular to David Cooper who has looked after the ground for us over the season and kept it looking in great shape throughout- it's a real credit to his dedication and enthusiasm.

The club will continue to progress and we remain a very open and friendly organisation always looking to increase participation in this wonderful game. You don't have to live in Boughton or be a current player, all ages and abilities are catered for and all are welcomed including anyone who may wish to help out as a social member or volunteer. The club will help with coaching and encouragement and get you actively involved form the start.

If you are interested in getting involved in some friendly Sunday cricket with a great bunch of friendly, like-minded individuals please contact Steve Short (Chairman) at <a href="mailto:theoldstablesboughton@btinternet.com">theoldstablesboughton@btinternet.com</a> or on 07768 807534.

Please look out for updates on our progress over the winter and I look forward to seeing you at the ground and hopefully at the pavilion in 2015.

#### A Big Thank You

The Prudential RideLondon is a world class festival of cycling, it is a true legacy of the 2012 Olympic Games.

This year the event took place over the weekend of Saturday and Sunday (9 - 10<sup>th</sup> August)

Taking a cue from the London marathon, amateur cyclists can participate in the Prudential RideLondon-Surrey 100 mile road race; a 100 mile challenge on the same closed roads as the professionals, with the added incentive of raising lots of money for good causes.

To qualify for this 100 mile challenge through the streets of London, via Leith Hill, Box Hill and back into London finishing on the Mall, 25,000 balloted personnel are randomly picked from the 100,000 entry list; yes 75,000 people missed out! This year I was one of the lucky ones.

So on Sunday 10 Aug at 07.12 I cycled from the Queen Elizabeth Olympic Park

along with 24,999 fellow cyclists and after 4hrs 58mins and 47 secs of cycling I crossed the finishing line.

The weather conditions were dreadful, Hurricane Bertha greeted us to torrential rain, thunder, lightning, gusting winds of 50mph, roads due to flooding were closed with numerous diversions put in place. It was estimated that one month's rain fell in just a few hours; I, along with some

of the 20,709 other riders who completed the challenge, was drenched, I was absolutely soaked through however, I enjoyed every minute of the day.

So to cut a long story short, thank you to everyone who very kindly sponsored me, I raised approximately £300; charities like the British Heart Foundation, Leonard Cheshire Homes and the CTC really do value your support.

Thank you all so much once again.

Trevor Sturrock [Well done - marvellous achievement. Ed.]

#### **Church Flowers**

It is with great regret I now feel I can no longer take responsibility for 'doing the church flowers' at St. Margarets. Over the past year or so Ronnie, our Open Gardens and Church Festival plant lady, has so kindly helped me out, and I would hope Ronnie feels she can continue to do so in future - **BUT HELP IS NEEDED PLEASE.** We have a large collection of containers, etc., which have been acquired over the past 15 years - but that does not mean a simple vase of flowers cannot be used at any time. Please somebody help to keep our lovely Church of St. Margarets even more welcoming with flowers or greenery - there is nothing more unwelcome than an empty flower vase.

Thank you for all the kindness and help given to me over the years.

#### World War 1

With the centenary of WW1 and thoughts turned to the impact that conflict had

on village life, I wonder if anyone can help identify the faces in this photograph of the Wereham Football team,

1912-13.
Unfortunately
I only have a
s c a n n e d
image, not
an original
photograph,

so picture quality is not ideal for reproduction in G4N. If you have an original picture, or know who any of these men are, I would love to hear from you.

Easy access, ample on-site parking, dedicated sterile operating theatre, dedicated dental suite, separate dog and cat wards, isolation ward, all staff and facilities on one site, x-ray suite, inhouse laboratory, ultrasound facilities, Pet Passport, export services and 24 hour nursing cover.

Many practices now use other veterinary surgeries for their out of hours work. This means that you will have to travel to an unfamiliar practice which is likely to be much further away. Despite being only a two vet. practice we continue to do all of our own on call cover. The phones are diverted directly to the vet on call as we know that clients appreciate a familiar voice at the end of the phone, 24 hours a day, who knows their pets and, if treatment is necessary, then they prefer to travel to their own practice to be seen. This is part of our Professional and Personal service that our existing clients are accustomed to and we warmly welcome new clients who wish to register with us.

Our surgery times are listed below. Please note that appointments are now necessary for all evening surgeries.

Open surgeries: Monday to Friday , 9-10am, Saturday 10-11.30am
