‘FROM THE RECTORY’

Dear All,

An email arrives, ‘What time of month is this?’ (Or similar words) It was from the editor, gently telling me that I was late with my piece for the magazine. So with humble apologies, I went straight to my computer positive I had written something; but no – I **am** the idiot she hinted at. I put it down to September going by way too fast, I blinked and it had passed. I’ve been up to my elbows in Baptism water! I’ve carried out loads of Baptisms in the last few months, which for me is always a great a great experience, there’s lot of tears, smiles and screams (and that’s just me!). **GOD SPOT.** A teenager was telling a senior citizen why the older generation doesn’t understand the younger generation. “You grew up in a primitive world,” he said. “We’ve got space travel, nuclear energy, the internet, phones more powerful than the computers in the first space ships.” Smiling, the old man replied, “You’re right, we didn’t have those things – that’s why we invented them!” So what are we doing to bless future generations? *I will pour out my Spirit into your descendants and my blessing on your children* (Isaiah 44: 3). God wants the next generation not just to follow, but to overtake this one! Don’t use the comfort of the status quo as an excuse for not challenging old thinking. Stop saying things like, ‘That’s just the way I am,’ or ‘My family never amounted to much, so I won’t either.’ It’s in such moments that your destiny is shaped. Think: the decisions you make today will affect not only you; but future generations – so make sure they’re the right ones!

God Bless,

Ken Waters

BENEFICE NEWS

An image taken after the fire of the interior of the church, looking towards the tower. The roof and much of the interior have been completely destroyed.

From Ely Communications

Posted on Thursday 5 September 2019

The Diocese of Ely was extremely saddened to hear yesterday (4th September 2019) about the devastating fire at St Mary's Church, Wimbotsham.

The Ven Hugh McCurdy, Archdeacon of Huntingdon and Wisbech, immediately travelled to the scene to offer his support to the local community.

Hugh said of what he saw;:

"The community is obviously devastated by the damage caused to the ancient and beautiful St Mary's Church.

We must now await the outcome of the structural report, and while some church treasures were saved, we know the Holy table dating from 1638 has been destroyed. As we move forward from the day's sad events, we will be working very closely the

whole community about what we now need to do following this devastating fire. We are also so grateful to the brave fire crews from the Norfolk Fire and Rescue Service who tackled the blaze and give our thanks that no-one was hurt in the fire".

Hugh went on to say: *"You can read the history of the village in the church building and it's a centre for celebrating significant life moments. There are lots of strong members in the church building and they feel very connected even if they are not there Sunday by Sunday. It's a symbol of hope and a symbol in the Christian community that God is present."*

Hugh spoke to the Bishop of Ely, The Rt Revd Stephen Conway who was said to be very distressed to hear [that] one of the churches is so badly damaged and [that] his thoughts and prayers are with the community.

Hoping to get an up to date report from Wimbotsham officials.

WORLD HOMELESS DAY

On the 10th of October 2019 people around the world will mark World Homeless Day in many varied ways and change the lives of homeless people in their local community. World Homeless Day is an annual event on the 10th of October.

History

The concept of 'World Homeless Day' emerged from online discussions between people working to respond to homelessness from various parts of the world.

The Inaugural World Homeless Day was marked on the 10th of October 2010. Since its founding, World Homeless Day has been observed on every continent except Antarctica, in several dozen countries.

Use of the idea of 'World Homeless Day' is open for all to use... anywhere in the world.

Purpose

The purpose of World Homeless Day is to draw attention to homeless people's needs locally and provide opportunities for the community to get involved in responding to homelessness, while taking advantage of the stage an 'international day' provides.

How To Make a Difference

educate people about homeless issues

celebrate and support local good works

highlight local issues

donate to local service providers

volunteer and provide hands on help

thank volunteers with certificates and awards

invite a guest speaker

host a fundraiser

Tweet #worldhomelessday [@homelessday](https://twitter.com/homelessday)

Collaborate & Double Your Impact

Once you identify the local service provider for homeless people you want to rally support behind.... for example if they suggest clean socks; or food items; or an item they need funds to buy or just general fundraising.... use your local networks to rally even greater support:

schools

places of worship

service clubs

local businesses

where you work

who else?

Lily has changed!

From 1 July 2018, our Lily service expanded to include everyone over 18, not just those in later years.

Lily provides a comprehensive range of support in west Norfolk to combat loneliness and social isolation in adults of all ages. The project is linked to the 'No Lonely Day' initiative and encourages our residents to develop friendships and engage in their local communities.

The Lily online directory lists organisations, services and activities that help people to live healthy, active and independent lives. It includes information relevant to adults of all ages. If you would like your event or organisation to be included in the directory, get in touch asklily.org.uk

Lily Advisors from local charities are available to offer one-to-one support to people at home or in community locations.

Lily has a strong focus on community development, by helping groups to arrange activities and encouraging volunteering, and by providing community events, onsite information sessions, and support for employers, schools, and colleges.

If you, or anyone you know, would like to know how Lily can help, call 01553 616200 and choose option 6.

The West Norfolk Aviation Society

At our September meeting in the Mundford Bowls Club, Steve, a WNAS member and pilot, gave a flying start to our autumn programme of presentations & activities with his account of post WWII British test and research aircraft. A Lancaster powered by two jet engines and two RR Merlins, the Short SB5, the RR Flying Bedstead and the Fairey Delta are just four of the many aircraft that some of us did not know about or had forgotten until Steve's lecturette. And that was just the first half of the evening!

After the break, Steve showed and discussed some rare footage of the development of spy aeroplanes, including the Canberra and the U2. Thanks, Steve, you are already booked for next year!

Although September's meeting was a hard act to follow, another of our members, Bob, will rise to the challenge with a talk called: *With my Head in the Clouds* or some such. As a former Canberra pilot, we expect the evening to be both informative and entertaining. So, if you would like to join us on October 1st for a couple of hours, come to the Bowls Club just after 7pm. There is no charge for a first visit.

Joke Spot: *Little Johnny was one of three men who died and was waiting to receive entrance through the Pearly Gates. The first man said to St Peter, "I was a preacher of the gospel, serving faithfully for over 50 years". Peter told him to step aside for further consideration. The second man said, "I was also a preacher of the gospel; I served my church faithfully for 30 years". Peter told him to step aside for further consideration. Then Little Johnny stepped up and said, "I wasn't a preacher, just a government worker with the Inland Revenue for 6 months". St Peter told him go straight through the gates and take his place in heaven. The first minister objected, "Why does he get to go in before two ministers?" St Peter said, "The truth is, in six months the Inland Revenue agent scared the devil out of more people than either of you did in a lifetime of preaching!"*

October.....

4th October 1911 Britain's first escalator opens at London's Earls Court. There were in fact two escalators — both supplied by the Otis Elevator Company — and linked the Piccadilly Line platforms with the subway that runs under the subsurface lines (District/Circle). One escalator could only carry passengers upstairs, while the second model which normally took passengers down, could be reversed to upwards if the other unit was out of action.

5th October 1930 The British airship R101 crashes near Beauvais, France killing 48 people. The impact was gentle and survivable but the ship was inflated with hydrogen, and the resulting fire incinerated 46 of the passengers and crew. Two additional crew members died of their injuries soon after.

7th October 1920 Women become eligible for admission as full members of Oxford University and are given the right to take degrees.

8th October 1967 Clement (Richard) Atlee dies. British Labour politician. As Prime Minister 1945-51 introduced radical reform of the social welfare system and introduced the N.H.S.

9th October 1967 Transport Minister, Barbara Castle, introduces the breathalyser. The breathalyser offered a way of testing a person's BAC (blood alcohol concentration) level at the roadside

12th October 1984 An IRA terrorist bomb kills 4 people at the Grand Hotel, Brighton, Sussex. The Brighton hotel bombing was a Provisional Irish Republican Army (IRA) assassination attempt against the top tier of the British government that occurred on 12 October 1984 at the Grand Brighton Hotel in Brighton, England. A long-delay time bomb was planted in the hotel by IRA member Patrick Magee, with the purpose of killing Prime Minister Margaret Thatcher and her cabinet, who were staying at the hotel for the Conservative Party conference.[3] Although Thatcher narrowly escaped the blast, five people connected with the Conservative Party were killed, including a sitting Conservative MP, and 31 were injured.

22nd October 1957 The children's cartoon hero Captain Pugwash makes his television debut. Captain Pugwash is a fictional pirate in a series of British children's comic strips and books created by John Ryan. The character's adventures were adapted into a TV series, using

31st October 1517 Martin Luther nails his '95 Theses' to the church door at Wittenberg, Germany triggering the Protestant Reformation. His **"95 Theses,"** which propounded two **central** beliefs—that the Bible **is the central** religious authority and that humans may reach salvation only by their faith and not by their deeds—**was** to spark the Protestant Reformation. He was attempting to get the Roman Catholic Church to stop selling indulgences, or 'get out of hell free' cards. **Luther** did not think the Church had the authority to grant such indulgences, especially not for money

Bellringing.....

Change ringing is a style of church bell ringing started in England around the end of the sixteenth century. Because of constraints imposed by the physics of swinging bells, tunes are not played. Instead, the bells are rung in ever changing patterns to a steady rhythm.

Change ringing, while an obscure art, remains as widely practiced today as at any time in the past, and continues to evolve. The largest concentration of interest remains in England, which is home to over 95% of the world's bells hung for change ringing, with many of the remainder in other parts of the UK. However, there are small pockets in other parts of the world, mostly former British colonies, including Australia, Canada, Ireland, New Zealand, South Africa, the United States, and Zimbabwe. The past few decades have seen an increase in interest outside the UK, with the number of towers outside it roughly doubling since about 1960.

Some places to learn more include

[What is Change Ringing?](#) on the North American Guild of Change Ringers web site

[The Central Council of Church Bell Ringers](#) web site.

There is also an extensive collection of links to change ringing related material on the web originally created by Roger Bailey, and now maintained by Peter Blight, at [Change Ringing Resources](#).

Many local [Ringing Societies and Associations](#) also maintain web sites. Contacting one near you is the best way to learn more about ringing than is possible by just reading, to arrange to hear ringing first hand, or to learn to ring.

WANTED

Drymere Horse Livery or Grazing

Having recently moved to Swaffham we are really hoping to find somewhere in Drymere for our lovely well-mannered horse so he is as close to home as possible.

We would be delighted to consider either livery or stables and grazing on a long-term agreement. We are very conscientious owners and can provide references including from World Horse Welfare, as our horse is a rescue we have loaned from them for 11 years.

Any possibilities please do get in touch on 07919 106366.

Many thanks, Katharine.

Free home assessments on offer

Older, disabled or vulnerable residents of West Norfolk are being encouraged to book an appointment for a free home assessment from Careline Community Services.

The assessments, which are carried out by a team of qualified staff, will help residents, who may be living with a disability or dementia, or who are simply older and less mobile, to identify concerns in their property which may be affecting their day-to-day life.

The assessor, trained by the Disabled Living Foundation, will inspect the home to see whether measures could be introduced that would reduce the possibility of slips, trips and falls and generally make it easier for people to live safely and independently in their own homes.

Measures that could be considered include installation of a Careline personal alarm, improved lighting arrangements, heating checks, draught proofing, smoke detectors and easy-to-use taps along with recommendations for other adaptations that may reduce any potential risk to the resident. Practical solutions for those living with dementia are also available, this includes signage or colour differentiation for those who suffer with memory loss and are visually impaired.

GIVING HOPE TO A SPECIES DESTINED FOR EXTINCTION': 0 LEFT IN THE WILD, 2 ALIVE

The northern white rhino is a subspecies of white rhino, which used to range over parts of Uganda, Chad, Sudan, the Central African Republic and the Democratic Republic of the Congo. Years of widespread poaching and civil war in their home range have devastated northern white rhino populations and they are now considered to be extinct in the wild. Only two remain, both on Ol Pejeta Conservancy, Kenya.

White rhinos have few predators in the wild; their main predator is humans with rhino horn being exported to the Far East where rhino horn is worth an estimated \$65,000 per kg on

the Asian black market. It is used in Traditional Chinese Medicine and is a symbol which is used to display success and wealth.

Neil and I were privileged to visit the two remaining northern white rhinos, at Ol Pejeta Conservancy, whilst on safari in Kenya this summer. Not only is Ol Pejeta home to two of the world's last remaining northern white rhinos, it is also a sanctuary for over 110 critically endangered black rhinos. We learnt of Ol Pejeta's plans to harvest the eggs of the last remaining fertile northern white rhino and have them inseminated with frozen sperm from the deceased males. This in vitro fertilisation technique and stem cell technology has never before been attempted in rhinos...

SCIENTISTS FERTILIZE EGGS FROM THE LAST TWO NORTHERN WHITE RHINOS

On 25th August, scientists in Italy were able to fertilize seven of the 10 oocytes, or eggs, which had been extracted from the two northern white rhinos the previous week.

"That outcome was better than expected", said Cesare Galli, the managing director of Avantea, the laboratory in Italy. "Now the injected oocytes are incubated and we need to wait to see if any viable embryo develops to the stage where it can be cryopreserved for later transfer."

The results of possible embryo development are to be announced around September 10th.

For the next instalment following this monumental step forward in saving this species visit: <https://www.olpejetaconservancy.org/>

Or why not adopt a rhino at the Ol Pejeta Conservancy? Asante sana!

MAGPIE CENTRE NEWS – OCTOBER 2019

After months of preparation, the Magpie Centre Craft and Country Fair, held at Wallington Hall on August 18 was a resounding success, netting £6,500 for West Norfolk Riding for the Disabled Association.

Despite an unexpected deluge during the morning, the Mid Lincolnshire branch of the British Driving Association continued their performance in truly professional fashion and were rewarded with a rosette presentation later in the day.

By lunchtime the skies had cleared, and visitors enjoyed the displays, including those of Fens Falconry, the N and J Heavy Horses Musical Ride and a parade of classic cars, motorbikes and commercial vehicles.

Highlight of the afternoon was the RAF Spitfire flypast. This iconic aircraft made three passes over the event, before swooping off to its Lincolnshire base.

As autumn approaches and indoor activities take over, the time has come to book your places, £11 each, for the Magpie Centre Quiz and Hog Roast Supper (with vegetarian option), scheduled for Saturday October 19 at Stowbridge Village Hall, Downham Road, Stowbridge, PE34 3PE. This represents fantastic value for a full meal, including a wide range of salads and desserts, plus a friendly and light-hearted evening.

Doors and cash bar, serving wine, beer, cider and soft drinks, open at 7.00 pm for a 7.30 pm start. Teams of 4 to 8 are usual, but singles and couples are welcome to compete individually or make up teams on the night.

To book, call 01553 828935 or email c.dudley@success-in-english.co.uk

At the time of writing, the Magpie Centre has vacancies for some new riders. We cater for people of all ages and with a wide variety of physical and learning disabilities, and in the winter, most lessons take place in our indoor school.

To find out more, call the Magpie Centre on 01553 810202. You will be sent a form to complete, followed by an invitation to an assessment, free of charge, and if satisfactory, you will be slotted into a suitable group.

COMMUNITY NOTICE BOARD

Could you help a young person with a disability to think about their Future?

The CSV Futures Project supports young people with learning disabilities to explore their options as they think about leaving education.

Volunteer Mentors provide one to one support to a young person to help them develop a personal profile of their skills and interests, their likes and dislikes and their future goals. The Mentor can then support the young person to start working towards these; this can include accessing work experience and training opportunities plus the chance to try out volunteering and new social activities.

CSV needs volunteers who can offer a couple of hours of their time each week to mentor the young people as they make choices about their futures, raising aspirations by exploring together the young person's skills, interests and abilities.

We are looking for people ages 16+ - Mentors can come from all walks of life and no experience is needed but patience, the ability to listen and a sense of humour are all useful skills. Mentors receive full training and support and out of pocket expenses are paid.

If you would like to find out more about becoming a Volunteer Mentor for the CSV Futures Project please contact Vicki Howling, the project co-ordinator for an informal chat. Telephone 01366 386972 or 07926 044845 or email vhowling@csv.org.uk

CSV (Community Service Volunteers) is the UK's leading volunteering charity. Social justice is at the heart of what we do; empowering people to have a positive stake in society and tackle barriers to community participation through creating volunteering and learning opportunities.

BARTON BENDISH & EASTMOOR VILLAGE NEWS

Farewell to the Kommullers

For an obscure West Norfolk Village, Barton Bendish has had a connection with Americans dating back a long time. Many American airmen learned to fly at Narborough and bombed fields in the vicinity. Children from Barton, including a boy named Fred Bellham, who subsequently became Landlord of our pub, scoured those fields for relics and trophies. These airmen almost certainly made use of the Spread Eagle.

Last year we were all sad to see Shane and Elizabeth return to the States and now we bid farewell to the Kornmullers, who have lived here for 11 years, contributing to events, pantomimes and all the things community minded people get involved in. They leave with a heavy heart but I am sure that new adventures await them in America and that we will stay in touch.

Some weeks ago, they gathered many villagers outside their lovely cottage and had photos taken as a memento. The village held a little party for them in the Village Hall, when these photographs were presented to those present. They will be missed. Godspeed!

Barton Bendish Film Club

The next Film Club presentation will be '**Stan and Ollie**' **Please note that this will be on October 12th at 7:00 pm, not the 19th as previously listed**

Following a packed house for Mary Poppins Returns, we now move to our October screening of Stan & Ollie. With their golden era long behind them, the pair embark on a variety hall tour of Britain and Ireland. Despite the pressures of a hectic schedule, and with the support of their wives Lucille (Shirley Henderson) and Ida (Nina Arianda) - a formidable double act in their own right - the pair's love of performing, as well as for each other, endures as they secure their place in the hearts of their adoring public.

Running time 1hr 40 mins

Should be a great film and we look forward to welcoming you all on the 12th

October. Doors open at 6:30 for a 7:00 screening as normal, with ticket prices at £5.00

Tickets £5.00 can be reserved from 01366 347849, or via the website at www.bartonbendishfilmclub.btck.co.uk

Quiz with a Fish and Chip Supper October 19th at 7pm.

As an additional Fund Raiser for the Village Hall Development Fund, it has been decided to hold a Quiz with a Fish and Chip Supper at the Village Hall at 7 pm.

Saturday October 19th For further details and bookings, please contact Mary Simon at mary.i.simon@btinternet.com or Mary Simon: 01366 347790

Coffee Morning October 31st 10-12noon

Our belated annual Coffee Morning in aid of Macmillan Cancer Support will be held on Thursday October 31st – Halloween. Be assured it will be safe to come to Barton in the morning because the ghouls and ghosts that lurk in the village never appear until after dark! Please note there will be a ban on the mention of the word 'Brexit'. Heaven knows what the situation regarding Brexit will be by then but anyone bringing the subject up will have to pay an instant on-the-spot £5 fine. We will be eaves-dropping so it might well contribute to making it our best ever Macmillan Coffee Morning!!

There will be a raffle, cake, produce and book stalls. Please come along and support this very worthy cause between 10am and 12noon to enjoy a cuppa and a chat and, of course, some delicious homemade cake.

I would be very grateful for donations of homemade cakes, produce and raffle prizes etc

Looking forward to seeing you.

Village Hall Update

It has been a long haul but we now know that we have achieved a Lottery Community Fund Grant of £50,636. This is a staggering amount to receive in these financially straightened times and we are very grateful for it. We are very fortunate to have Chris Parsons on the case. Hours of hard work, and his considerable expertise, played a huge part in achieving this breakthrough grant.

I say breakthrough, because, together with the £1,000 given to us by Tesco, we now have a total of £104,000, which means we have achieved 38% of the money needed to achieve all the improvements we have envisaged. We expect news about our application for VAT exemption soon and that too will have a huge bearing on how much of the work we will be able to do. What we do know is that it can start and that some of the planned improvements will now definitely happen. If we are successful with other grant bids now open to us, we might be able to do everything we've planned for. We will see.

We are lucky that our community is so united, not like the one at Winterton on Sea, where the Parish Council had to cancel a garage sale. The Village Hall Committee had organised their own! This followed their resignations 'en masse' due to "tensions with the PC"! Ego should have nothing to do with it. The community comes first.

Details of our progress can also be found on Facebook on 'The Friends of Barton Bendish' and the newly created 'Barton Bendish Village Hall' groups. Andrew Stephen (Chair of Barton Bendish Village Hall Management Committee)

Voices from the Vestry

As the Autumn stretches before us and a new term begins, this is a good time to outline forthcoming events:

Group Harvest Brunch – October 5th 11am

This year we will be hosting the Group Harvest Meal in the Village Hall. Everyone is welcome so please come along and join us.

Tickets cost £5 and are available from Linda 347563 or Mhari 347849.

Remembrance Service – November 10th 10.30am

Barton Bendish will be taking part in the act of Remembrance on Sunday 10th November at St Andrew's Church. A wreath will be laid at the village war memorial during the service. The names of those from the village, who gave their lives, will be read out accompanied by a little information about each one. Should there be someone whom you wish to be remembered at this time and have their names read out, please contact either Churchwarden and we will include them.

Wreath Making Workshops – November 21st – 23rd

The annual Wreath Making Workshops will run again in November on Thursday 21st, Friday 22nd and Saturday 23rd at 7.30pm in the Village Hall. There will also be a workshop on the Saturday morning at 10am. All materials will be supplied but a pair of secateurs will be required. Please bring your own special decorations or ribbon for the finishing touches! Refreshments are provided. Please contact Linda ([347563](tel:347563)) or Mhari ([347549](tel:347549)) to book your place.

Breakfast Church for St Andrew's Day - November 30th 9.30am

This is another welcome opportunity to break bread with friends and neighbours whilst providing us all with a thoughtful start to the day. Contact Linda or Mhari to book your place.

Christingle Service December 8th 3pm

Rev Ken Waters will be taking this service in St Andrew's Church at 3pm.

Everyone is most welcome. Festive refreshments will be served after the service.

Victorian Evening – December 14th 6pm

Calling all thespians and entertainers. The Victorian Evening of Christmas Entertainment will be held in the Village Hall on Saturday 14th December at 6pm. If you would like to 'tread the boards' and perform, please contact Linda (347563) or Mhari (347549).

We are grateful for any help with or publicity for our events. Please encourage your friends to 'pass the word' and to join in.

COUNTRYSIDE NOTES CHANGING THE CLOCKS

On October 27th at 2am we have to put our clocks back an hour. News programmes for the rest of the day will be telling us that we'll now be having an hour less daylight. No we won't, it will merely be getting dark an hour earlier in the evening by the clock and light an hour earlier in the morning. The number of daylight hours doesn't alter; they are determined by the tilt of the Earth's axis. The shortest day in Britain is December 22nd, in New Zealand it's June 22nd. Changing the clock is a contentious issue and, as always, there will be a debate on whether it comprises the safety of schoolchildren. The fact is in mid-winter, one way or other; they would either be going to, or coming home, from school in the dark. In winter the hours livestock farmers work, because of the nature of their job, are ruled by the hours of daylight, not the clock. For example, because of the risk of mass slaughter by foxes, free range hens need to be shut in at night. You can't drive chicken and they don't voluntarily go to bed until its getting dark, that is 10 o'clock in mid-summer and 3.30pm in winter. It's also difficult to check the welfare of stock kept outdoors in the dark.

GMT (Greenwich Mean Time) is what we have in winter and BST (British Summer Time) is what we have in summer. This was introduced in 1916 to save energy and resources. Over the years there have been a few variations. During WW1 double summertime was adopted between 1941 and 1945 and Harold Wilson's government trialled not changing the clocks. They were put forward in March 1968 and remained at GMT+1 until October 1971.

Many countries have adopted DST (Daylight Saving Time) with the exception of Iceland, Africa, Asia, Japan, South Korea, Taiwan, India and, more recently, Russia. Some parts of South America and Australia observe DST while others don't. Interestingly in Canada and the United States it's only Hawaii and Arizona, (with the exception of the Navajo Nation) who don't change their clocks. Countries across the EU have observed DST but have now voted to end this in 2021.

The Greenwich Meridian is an imaginary line drawn between the North and South Poles. From London it crosses France, Spain and Africa where it meets the Atlantic Ocean on the coast of Ghana. Time zones are complicated things that don't concern us in the UK; to the west of the Meridian they are earlier than GMT and to the east later. There are eleven in Russia and Asia, six in North America, Canada and Africa, five in China and three in Australia. Theoretically if each time zone varies by one hour there should be twenty four but due to regional variations there are in fact 37, some being only half an hour.

Americans have an easy way of remembering to alter their clocks - 'Spring forward and Fall back.'

St. Mary's Church

Update on The Friends of St Mary's

FOSM will be holding our AGM on the 1st November at 7pm in the Village Hall – the meeting is open to anyone and everyone in the village (and elsewhere!) interested in supporting our efforts to keep our Church building standing so do please come. We are slowly making progress on the steps we need to take to tackle the repair to the thatched roof and can give you an update at the meeting. We can also give you an

update then as to the replacement of the now missing lead roof. Many of you will have received letters from the Council asking for views for replacing the roof with terne steel – this is in response to the planning application to use this different material which is of no interest to thieves.

We would also welcome hearing about any new ideas of activities to raise funds and have fun at the same time – our village is rather good at this I think. By the time you read this we will have had another Quiz which I am sure will have been as successful as those in the past!

We look forward to seeing you all on the 1st November – we need your support!

Peggy Ray (Chair Friends of St Mary's)

Quiz

We are delighted the recent quiz proved to be popular and thank the 50 people who supported it - £181.00 was raised for Friends of St Mary's. It was a fun evening and enjoyed by all who were there. We would especially like to thank John Norton and Mark Lusby who helped behind the scenes and Sonia Williams who organised the

raffle.

BEACHAMWELL, SHINGHAM & DRYMERE VILLAGE NEWS

Beachamwell to Feature on German Television and Across the World

Bank Holiday Monday was the day that Deutsche Welle, Germany's public international broadcaster, came to Norfolk and to Beachamwell to learn about our wonderful system of public rights of way. Germany has no such network giving the public access across private land and deep into the countryside. So how was this network of footpaths, and bridleways created? How are they maintained and kept open?

Senior members of The Ramblers' Association were on hand to explain the legal obligations on:

- the public in using the rights of way (keeping to the designated route, keeping dogs under close control, etc.)
- the landowners (ensuring that paths are clearly defined over agricultural land and re-instated after disturbance and are not obstructed by fencing, barbed wire, vegetation or dangerous animals)
- the volunteer Ramblers work to ensure these rights of way are kept open.

The team from Deutsche Welle also learnt how The Ramblers are researching paths that have been 'lost' over time. The Ramblers, and others, have until

BEACHAMWELL, SHINGHAM & DRYMERE VILLAGE NEWS

2026 to make a case for 'lost' paths across the country to be added to the Definitive Map of Rights of Way that shows exactly where the public can legally go. An example of such a 'lost' route – a blocked and over-grown old drove road near Hillborough - was filmed as the perfect example of a way that should be re-opened to the public.

As a contrast to the impenetrable drove, the production team were delighted to come to Beachamwell, to film on the Village Green with St. Mary's in the background. They also took great delight in filming the well-cut footpath that crosses the field behind the old school, and in seeing villagers walking there in the evening sunshine.

The DW television audience in Germany and across the world, will hear of the benefits that public rights of way bring to those living in rural communities: health to body and peace to mind, the joy of being close to the natural world and an awareness of the history revealed in buildings and countryside along the way.

The Wednesday Walkers explore the Beachamwell paths on the first Wednesday of each month. The informal group meets at the Village Hall at 10.00 a.m. and walk for about an hour and a half. New walker-explorers are always welcome.

BOUGHTON VILLAGE NEWS

All Saints'

September has been a busy month in the church. On Friday 13th we had an excellent concert from the Fincham Chorus in aid of church funds. There was a good mixture of old and new songs, both sacred and secular, and the choir were excellent, as usual. We raised £280 for the church and we must thank the choir, their conductor Russell and John Delderfield for his organisation. We also need to thank Sandy and her catering crew for the excellent refreshments during the interval. (I did take a photo of the choir, but had to reset my phone and lost the photo.) Apologies. It was so lovely to see nearly sixty people turn up to listen and it was a tremendous atmosphere, which also encourages the choir. We look forward to their December concert in the hall at Fincham.

September 22nd had been looming large in our calendar for some time, as after I'd set the date for Harvest Festival I was asked if we would host the celebratory service for the

same Bishop, than fifty years and service

who spent Friday morning decorating the church for the service, and those who brought flowers and foliage. It always looks fantastic when decorated, but I think we excelled ourselves this time.

ordinations of Robin Blackall and Brian Redgers. They were ordained a year apart in the same Cathedral of Bury St Edmunds and by the and both have now completed more as priests., leaving a legacy of love behind them. Thanks to the group

Note: Nine bags of tins and packets were taken to the Foodbank at Eternity Church in Downham Market. The collection raised £364.20 which will be sent to Farm Africa.

The choir had been practising the anthems and on Saturday afternoon we spent two hours trying to work out the logistics of getting five priests and two deacons behind the altar for the concelebration.

We borrowed a cross from Fincham and extra silverware, so thanks to them, and there were over seventy people gathered to join the celebrations. We enjoyed a service slightly different from the ones we have with a smaller congregation and it was lovely to see old friends, people from the local benefices and also friends and family of Robin and Brian. The singing was excellent – so much easier for the organist if the singing can

be heard! After the service, people were sent out for drinks in the marquee erected by the village team, while tables were set up for an excellent and varied lunch.

Again, thanks to Sandy and Pippa and all the helpers, and anyone who contributed in any way. It was a truly memorable day and I hope Robin and Brian enjoyed it as much as we did.

Robin, Brian, Pippa and Robin's daughter Cathy, enjoying the cake baked by Nicola and Hannah-Lou, which had a 'firework' candle.

From the Chair, Boughton Parish Council

This month sees the end of Summer and we look forward to a new season, with memories of holidays in the sun fading away

Over the last couple of months your parish council has been active with maintenance tasks on the pond and the village footpaths. In July we also had a parish litter pick that saw eight volunteers collect eleven bags of rubbish from the grass verges around the village. It is remarkable the sort of things that people throw from their vehicles as they pass, rather than take them home to dispose of properly. Careless littering is not only an eyesore, but a very real danger to our wildlife

My wife and I were invited to visit RAF Marham on their Friends and Families Day. It was a memorable visit on one of the hottest days of the year and were we able to get up close and personal with one of the new F35B Lightning II aircraft that we all hear flying overhead from time to time. The air displays also included aerobatics and fly-pasts from an assortment of aircraft including a Spitfire, a Eurofighter Typhoon, and a home-built Rhin DR 107. Static displays included two F-16s, an Osprey and an in-flight refuelling tanker. A classic car display and various trade and charity stalls rounded out the occasion. The Parish Council met on 3rd September and among the topics discussed were the village marquee, playground maintenance, speeding, and a bus stop for the village.

The marquee is available to residents to use for public or private occasions. In some cases we will need to ask for a small donation towards its upkeep. If you would like more information, or to book it out, please contact Debbie Fisher (e-mail debfisher@f2s.com).

All issues from the last playground inspection have now been resolved and works completed, but I am saddened to report that bark chippings intended for the play surface have been stolen. If you have any information regarding this petty and mean-spirited act, please let us know

The topic of re-instating a bus shelter for the village was raised at the meeting. This would serve both the school bus and others. It would need to be constructed from transparent materials to deter its use as a .. well, that's just say "alternative uses". We would like to hear your opinion on this idea and potential sites for it. Please get in touch.

Councillor Cooper has been investigating the reasons why some delivery trucks continue to speed through our village and has discovered that some satellite navigation systems used by supermarkets still have an incorrect limit for

Boughton. He is trying to get this corrected, or at least have the drivers instructed to observe the many "30" signs in the village!
As we move to Autumn, the beet campaign will be upon us.

This year Albanwise have a plantation of sugar beet in Boughton, at the bottom of Wretton Road. Parish Councillors met with their Farming Manager for a briefing on the traffic plan for the harvest. Contrary to what you may have read in an incorrect article in Lynn News we are not expecting 200 trucks to "murder our village". While the majority of the crop will be removed via tracks to Stoke Road there will be some heavy goods vehicle movements along Wretton Road, Mill Hill Road and Gibbet Lane. We estimate between 75 and 100 trucks laden with beet will be taken out along this route between 23rd September and 15th October. Empty trucks will enter the site from the A134. Truck movements will be Monday to Friday only to minimise weekend disruption. For more information as we receive it, please check our "All About Boughton" Facebook page (@boughtonpc).

If you are planning to celebrate Halloween and/or 5th November with fireworks can I ask that you keep displays short and to the early part of the evening, and to give advance warning to any of your neighbours with pets, young children or livestock that might be spooked by the noise - especially if you plan to use "mortar" type devices

WEREHAM CHURCH FESTIVAL - SUNDAY 21 JULY

The annual Wereham Church Festival, which this year took place on 21 July, was a great success, drawing people not only from within the village but also from throughout the local community and even further afield. On a very sunny day there was a steady stream of people through the gates, taking part in the wide variety of stalls and entertainments that were on offer. as well as enjoying the barbecue and other local produce, including cakes and preserves. Also local auctioneer, Barry Hawkins, was on hand to value a range of antiques and keepsakes that people had brought along on the day.

Inside the Church there was a fascinating demonstration of wool spinning from a local group, with a range of locally produced and home made shawls, baby blankets and other items. Also the Messy Church Choir entertained us with their lovely singing.

The Festival is the major fundraiser of the year, and this year in excess of £1,700 was raised in support of our lovely village church, which was a fantastic result. This is all due to the dedication and support of so many local people, both in advance of the event and on the day, to whom we are extremely grateful.

The whole day demonstrates what a community can achieve, and we look forward to next year's event.

Draining the Fens

The next Wereham heritage event is group is a talk on "Draining the Fens".

Monday 14 th October 7 pm Wereham village Hall.

No charge but donations to Heritage group welcomed.

We are very pleased to welcome Andrew Newton of The Ely group of internal drainage boards who will give an illustrated talk.

Come and hear about how the natural marshy region we live close to has been drained and used for agriculture and homes.

Did you know why the Fens are called the Fens?

Did you know the Fens provide around half of the grade 1 agricultural land in England.

Andrew's work involves Maintaining the complex system of drainage channels, man made rivers and pumping stations.

Promises to be a fascinating evening.

Everyone welcome.

Craft Group.

A date for your diaries, sat November 2nd, 10am until 4pm is the day for the Pre Christmas Craft Fair. We have lots of stallholders booked so you will have a good choice of unique items for your Christmas shopping, all reasonably priced. Cafe open all day for freshly made filled rolls, tea, coffee and cold drinks. We all look forward to seeing you there. Craft group meet on the second Tuesday of every month 10.30am until 12.30pm. New crafters always welcome. We meet in the village hall. For details please contact Rosemary on 01366 501330, or 07749240606, e-mail rosemary.pease@btinternet.com.

Short Mat Bowls.

We meet every Thursday evening 7pm until 9pm in the village hall. We are a small friendly group who play for fun; there is always lots of laughter and joviality. Teas and coffee served during the evening. For details please contact Philip on 01366 501330, or 07759033492, e-mail rosemary.pease@btinternet.com.

CAR BOOT AND CAFÉ.

Only two more chances this year for you to book a car boot table and have a good clear out before Christmas. The last two dates are October 27th and November 24th. The cafe will be open as usual with all the old favourites, bacon bap, egg bap or sausage bap or any combination of those items. Teas, coffee, hot chocolate and cold drinks are also on sale. We look forward to seeing you either as a stall holder or as a viewer/purchaser. For details please contact Philip on 01366 501330, or 07759 033492. E-mail rosemary.pease@btinternet.com.

WEREHAM PARISH COUNCIL

Next meeting date

Tuesday 12th November 2019 at 7.00pm in Wereham Village Hall

Agenda items must be received before the end of the month prior to each meeting, items received after this time will not be possible to discuss. Please send to the Parish Clerk at werehampc@gmail.com. The Agendas for meetings are al-

ways published on the Wereham Village Notice Board three clear days before the meeting, on the Wereham Parish Council Facebook Page and on the website www.werehamparishcouncil.co.uk You will also find minutes of all meetings here too.

Wereham Cemetery – Memorials Next of Kin

Please could any members of the public known to be the next of kin for memorials within the Wereham Cemetery contact the Parish Clerk to agree to share their contact details. We need to ensure that our contact database for the purposes of contacting next of kin, where we need to discuss memorials is as up to date as possible.

Norfolk County Council – Tree Communication

We are in the process of carrying out inspections of roadside trees and we may be surveying in your parish on smaller, rural roads known as class 4A2. The primary focus of the inspections is to identify ash trees that are in decline due to ash dieback disease (ADB) and assess whether they are now posing a risk to highway users. We may also pick up other trees that are in a dead or dangerous condition.

For further information on ADB please visit our webpage: www.norfolk.gov.uk/ashdieback This summer, our approach is to remind landowners that 'their trees are their responsibility' and to raise awareness of ash dieback disease. If trees are found in poor condition but not considered imminently dangerous we are fixing notices to the trunks of trees and marking the trees with yellow paint to inform the owner that they may need to take action. We may contact you in future if we find any particular areas of concern or have a query regarding ownership of an individual tree or tree group.

Should you need any further information or have any queries concerning the above, please visit our webpage or contact us at ashdieback@norfolk.gov.uk

The Parish Council would like to reiterate the advice of the Norfolk County Council and ask that residents with trees within their property boundary, and particularly any which overhang the highway, that they are inspected regularly and any works identified acted upon. There are in particular a number of very large trees along the A134 within private property, which will require inspection. Also, if you have bushes on your property that border a public footpath, please ensure that you keep these trimmed back through the year to avoid causing an obstacle for pedestrians, whilst adhering to rules around this work needing to be done outside

of the bird nesting season.

Nar Valley Ornithological Society (NarVOS)

Tuesday 29th October 2019, 7.30pm at the Barn Theatre, Sacred Heart Convent School, Swaffham. Access and parking from Sporle Road. Please come along to this illustrated talk by **Simon Harrap**, entitled:

Orchids – Gypsies, Tramps and Thieves

Simon Harrap is a writer, photographer, wildlife tour leader and wildlife garden centre owner, based near Holt. He leads birdwatching tours throughout the world, and botanical and nature trips in Norfolk. Simon has written many books and is an acknowledged authority on wild flowers and orchids, in particular. This fascinating talk takes us into the mysterious world of British Wild Orchids.

Visitors most welcome. Admission £2 on the night if you are not a NarVOS member. For more information about this meeting or NarVOS call Ian Black

Easy access, ample on-site parking, dedicated sterile operating theatre, dedicated dental suite, separate dog and cat wards, isolation ward, all staff and facilities on one site, x-ray suite, in-house laboratory, ultrasound facilities, Pet Passport, export services and 24 hour nursing cover.

Many practices now use other veterinary surgeries for their out of hours work. This means that you will have to travel to an unfamiliar practice which is likely to be much further away. Despite being only a two vet. practice we continue to do all of our own on call cover. The phones are diverted directly to the vet on call as we know that clients appreciate a familiar voice at the end of the phone, 24 hours a day, who knows their pets and, if treatment is necessary, then they prefer to travel to their own practice to be seen. This is part of our Professional and Personal service that our existing clients are accustomed to and we warmly welcome new clients who wish to register with us.

Our surgery times are listed below. Please note that appointments are now necessary for all evening surgeries.

Open surgeries: Monday to Friday , 9-10am, Saturday 10-11.30am

**All other consultations will be by appointment only
so please ring in advance**
